E. GENERAL ITEMS:

1. Review and discuss District's YTD financial reports.

Interim General Manager covered the details of the February 2011 Financial Statements. The key item noted was for all readers to focus on the Fund 5 statements. These particular statement show a clearer picture of the District's operations.

2. Review and discuss Fiscal Year 2011-2012 objectives.

Interim General Manager presented a Forecast 2011 June 30, 2011 Statement of Revenues and Expenditures. This schedule showed the monthly detail by account. The monthly forecast for March – June was based on YTD actual trends and then adjusted by account taking into account current information. The most important message delivered was the District should expect to see Net Deficit of (\$455,000). The activity that is driving this loss include \$100,000 for Assessment Fund subsidy, \$75,000 for OPEB (retirement) expense (not previously recognized in prior year), \$313,000 for depreciation expense, \$30,000 for additional legal, and \$33,000 for election costs.

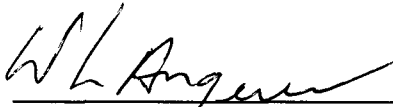

The Interim General Manager will create three FY 2012 draft budgets. The first will look at current water rates extended into the next year. The second will lower revenue based on having current water rates rolled back. The third view will create a delayed rate rollback.

It was asked that the following items be evaluated for potential cost savings: loan refinancing, solar installation, employee furlough, operations outsourcing, second retirement tier, and employee CalPERS contributions.

F. ADJOURNMENT

The meeting adjourned at 4:40 pm by Chairman Angerer.
