### **Foresthill PUD Seeks Participants for Citizen's Advisory Committee**

FORESTHILL, CA – In an effort to get members of the community involved in finding solutions to its current financial crisis, the Foresthill Public Utility District is forming a Citizen's Advisory Committee. This group will provide recommendations for the best course of action for the district to take.

The district is currently in a financial crisis caused by operating at a loss for the majority of the past decade. It faces possible closure and the dissolution of the utility.

"We're looking for people who care about the community and want to help sort out real solutions to the water crisis in Foresthill," said Leo Havener, the district's new general manager. "Since the FPUD is a public utility, it makes sense to get input from the public the district serves."

Committee members will be asked to attend a series of three evening meetings held on Tuesday, January 5, Tuesday, January 12, and Tuesday, January 19. They will review the details of the current situation and get answers to their questions. Potential solutions will be explored by the group. From this community input, recommendations will be made to the district's board of directors.

Members of the Citizen's Advisory Committee must be ratepayers in the Foresthill Public Utility District, attend all three meetings, and cannot have previously participated in legal actions against the district.

People who are interested in participating should write or email Leo Havener at the district. They should provide their contact information along with a brief description of why they believe they will be able to contribute to the committee's success.

“I’m hoping to attract some of the best and brightest people from the Foresthill community,” said Havener. “If you have an opinion on how things could be done better here at FPUD, I want to hear from you.”

Requests should be emailed to Leo Havener at [lhavener@foresthillpud.com](mailto:lhavener@foresthillpud.com).

Letters should be mailed to:
